### Explosion On Huge Liner

NEW YORK, August 11.—(By the Associated Press)—Two members of the Adriatic's crew were killed, five were seriously injured and one is missing as the result of an explosion of undetermined origin in her Number 3 hold, according to wireless message received today at the White Star line.

The message reported that the Adriatic was proceeding to New York at half speed.

Coal was stored in the Number 3 hold and officials of the line in the absence of details thought that spontaneous combustion may have caused the explosion.

The men killed were a fireman and a trimmer. Those injured included an electrician and other employees of the engine room.

The Adriatic, bound from Liverpool as bad and said Captain David was for New York, with 650 passengers, gave her position as about 300 miles east of Portland, Maine. The early messages characterized the explosion trying to locate the cause, but gave no further details. They said the liner was proceeding on her course.

### HAROLD MCCORMICK AND MADAME WALSKA MARRIED IN PARIS

PARIS, August 11.—(By the Associated Press)—Harold E. McCormick, of Chicago, and Mrs. Alexander Smith Cochran (Madame Walska) were married today in the city hall of the sixteenth ward here.

Announcement of the wedding was made by the bride.

After the wedding, Mr. and Mrs. McCormick gave a luncheon at the Ritz Hotel, at which Mr. and Mrs. Dudley Field Malone were guests. Mr. Malone was counsel for Madame Walska in the proceedings, which recently resulted in the divorce between her and Mr. Cochran.

Mr. McCormick and his bride, after the luncheon, left for an automobile tour. Their destination was not announced. Mr. and Mrs. Malone were the only witnesses at the marriage.

The marriage of Harold E. McCormick, millionaire Chicagoan, and long head of the International Harvester Company, to Madame Ganna Walska, in Paris today furnishes a dramatic climax to a series of remarkable episodes in which marital infidelities and romantic attachments are almost inexplicably mingled.

Madame Walska, Polish operatic singer, was the wife of Alexander Smith Cochran, wealthy manufacturer. Incompatibility divided them and a decree divorcing them was issued by a French court May 21, last, to become finally effective in sixty days.

Mr. McCormick's first wife was Miss Edith Rockefeller McCormick, daughter of John D. Rockefeller. She obtained a divorce last December after a married life of twenty-six years. The decree was 60- (Continued on Page Fourteen)

### COAL MINERS STAND PAT ON WAGE SCALE DEMANDS

CHICAGO, August 11.—(By the Associated Press)—President Harding in a letter to Doctor F. C. Homuld, secretary of the Illinois Coal Operators' Association, made public today, declared he "was frank to say I do not see how your workmen can refuse the offer made by the mine operators of Illinois."

If terms can not be settled on so liberal an offer, the president's letter continued, it is manifest that the mining situation is very badly tied up and the government must find for itself some way of extrication.

CLEVELAND, August 11.—(By the Associated Press)—Governor Davis, of Ohio, and Governor Groesbeck, of Michigan, had a long conference here today with President John L. Lewis, of the United Mine Workers of America, their purpose being said to be to learn what action, if any, the governors of coal producing states might take toward bringing about a settlement of the coal strike.

Mr. Lewis was understood to have informed the governors that he and other union officials were proceeding with negotiations on a wage scale, with the operators, who had gathered here for a joint conference. The governors, it was learned, would confer with those of other states.

CLEVELAND, O., August 11.—(By the Associated Press)—Work of framing a wage scale agreement which union officials said they expect using as a basis of settlement in the nationwide soft coal strike was begun today by a committee of 21 miners and operators. President John L. Lewis, of the miners and Michael Gallagher, of this city, president of the Pittsburg Vein Coal Operators' Association of Ohio, headed the committee whose report was not expected to be ready for presentation to the general conference until next week. The miners stood pat on their demand for re-establishment of the contracts that were in force before the strike, but the operators' demands had not been made known by the producers' committee members.

The operators participating in the conference were shown by their credentials committee to control about 20 per cent of the coal production of

the central competitive field. Approximately two-thirds of this tonnage was that controlled by Ohio operators.

W. A. Glasgow, of Philadelphia, counsel for the miners, had returned today from Toledo, where he met yesterday with some Illinois operators, who are not participating in the conference. He declined to discuss his mission, but conferred with President Lewis and other union officials on his return to this city.

### BUILDINGS IN CORK BURNING AFTER FIGHT

LONDON, August 11.—(By the Associated Press)—All the military and police barracks in Cork are burning, according to the report of a government aviator, who flew over the irregular stronghold late yesterday, says a Times dispatch from Dublin.

DUBLIN, August 11.—(By the Associated Press)—Communication with Cork, except by sea, is still impossible and the exact results of the fighting between the irregulars and the provisional government forces are unknown here. It is variously stated that the nationalists have entered and that they have not entered the city.

The crew of another vessel arriving from Cork said the admiralty house and the British naval hospital at Queensdown, both of which became familiar to American naval men overseas during the war, were blazing when they left as well as two other large buildings in which frequent explosions were heard. It is reported that the irregulars have evacuated Clonmel.

LONDON, August 11.—(By the Associated Press)—The correspondent of the Daily Mail, telegraphing his paper Thursday from the headquarters of the national troops, says:

"An expedition is landing tonight on the Kerry coast, which will close all the gaps and meet the rebels on the Mallo-Fernoy-Mitchellstown line, where they must make their last stand. There are many desertions from their ranks."

### Rejection By Both Sides Is Expected

WASHINGTON, August 11.—(By the Associated Press)—Heads of 17 railroad labor organizations, including those on strike and the larger operating brotherhoods, considered President Harding's latest strike settlement proposal for more than two hours today without reaching any decision as to what response should be made by the men on strike.

Every union official participating in the meeting was reticent concerning the course of discussion, an agreement having been reached to let Mr. Stone make public any information the conferees decide to release. It was clear, however, that the heads of the shop crafts organizations were unchanged in their determination to require that all of their men be replaced in seniority status they held when they went on strike.

Warren S. Stone, grand chief of the Brotherhood of Engineers, who presided at the session which adjourned shortly after noon, said another meeting would be held later in the day, but that probably no answer would be drawn up before tomorrow.

The union leaders were understood to have agreed that the answer to the president's proposal would be made tomorrow and Mr. Stone indicated that he expected the sessions to continue until late tonight.

NEW YORK, August 11.—(By the Associated Press)—Railroad heads from all over the country reconvened this morning to consider a reply to President Harding's latest plan for ending the rail strike on the basis of returning strikers to work and leaving the railroad labor board to decide whether they were to regain their seniority privileges.

The executives were scheduled to receive from a committee appointed this morning the draft of the answer which should be sent to the White House. Not a hint was given of the form the answer would take. Indications were that a long debate would precede the balloting.

T. Dewitt Cuyler, head of the Association of Railway Executives, was named ex-officio head of the committee, with Judge Robert S. Lovett, of the Union Pacific, as chairman. The membership was reported to be approximately the same as that which rejected Mr. Harding's first approval.

The committee was appointed after Halsey Fiske, president of the Metropolitan Life Insurance Company, a heavy holder of railroad securities was seen to arrive at the Grand Central Terminal, where the conference was in progress. He was reported to be bearing an important message from financial interests, but was said not to have addressed the meeting.

### Strike Bulletins

#### DECIDE NOT TO MOVE FREIGHT TRAINS

MOBILE, ALA., August 11.—(By the Associated Press)—Round-house firemen employed by the Wabash railroad have voted not to move any freight trains through the local yards until the demands of the striking shopmen are granted. Unsafe equipment as a result of the shopmen's strike is given by the men as the cause of their action.

The grievances of the firemen have been laid before national brotherhood officials and word sanctioning or disapproving a walk-out was awaited.

CINCINNATI, O., August 11.—(By the Associated Press)—The railroad labor board will hear the case of the 1,100 union telegraphers on the Big Four working rules, August 21, according to a message received today by officials of the Big Four Railroad from the labor board.

The telegram from the labor board further states that pending a hearing and decision in the controversy between the men and the company the board directs that there shall be no change in the application of disputed rules from that in effect prior to the dispute.

OGDEN, UTAH, August 11.—(By the Associated Press)—Three passenger trains, two of the Union Pacific and one of the Oregon Short Line, were held up here this morning due to a strike of firemen and switchmen in the local yards. No reason for the walk-out could be learned.

ABILENE, TEX., Aug. 11.—(By Associated Press)—Congressman Thomas L. Blanton, of Abilene, today sent out telegrams to numerous congressional leaders and friends throughout the country, asserting that President Harding has summoned congress to take over the railroads. "This means national bankruptcy and weak trucking to autocratic unions far worse than when they forced passage of the Adamson law," the message said.

Congressman Blanton, who recently was renominated in the Democratic primary, said in his message:

"This is exactly what the brotherhoods have planned. Remember how they held the government up during the war. Instead of the government trucking there must be a final show-down. We must take the labor board's decisions as final and stop this continuous trying up of our nation's business."

### Brotherhood Members Abandon Trains; Some In Deserts

SAN FRANCISCO, Cal., Aug. 11.—(By The Associated Press)—Paralysis of the entire western territory of the Santa Fe system was the prospect facing officials of that railway today as a result of the sudden walk-out yesterday of members of the Big Four brotherhoods on several far western divisions. The union men explained their action was taken as a protest against armed guards on railway property and against the alleged condition of equipment.

Members of the brotherhoods said they would no longer move trains through points where armed guards were stationed. Their district officials went into conference with Santa Fe executives last night, but no basis of settlement had been reported early today.

Several passenger trains, including the east-bound California Limited, deserted by their crews, were stalled at points in Arizona or southeastern California. Some were stranded on scorchingly hot desert spots.

## New Floral Shop Opens; Is Beauty

The new floral shop known as Coffman's Flowers, Inc., which opened to the public this morning is undoubtedly destined to make a hit with the Portsmouth lovers of flowers, and they are legion. The very attractive store is under the management of Mary T. Able, who has had a wide and successful experience as a florist. With such a capable head for the new venture it starts off with all odds in favor of making an instant hit with the public.

Located in the Bannock Block at 922 Gallia, with Phone 120, the shop is most advantageously situated on one of the city's leading streets. The owners have spared no trouble or expense in fitting out the place in the most up to date manner and a vision of attractiveness greets the eye of the visitor.

Opening this forenoon at 10:30 the management presented all callers with beautiful blooms and similar gifts will be handed out to all who call tomorrow after 10:30 a. m. The business for the opening day as well as the large number of interested callers was exceedingly gratifying to the management.

In opening the store the owners stated that no expense had been spared to give Portsmouth one of the finest shops of its kind in the Ohio Valley, and they were confident that they were making no mistake, as the new place of business is only keeping with the march of progress of the Peerless City. "Our aim is to give the people of Portsmouth and vicinity the paramount quality and service that goes with every first class floral shop. Every article must be

satisfactory. To any customer who expresses dissatisfaction we will gladly refund the money or replace the article. In other words, Guaranteed Flowers."

The new store will be open both tonight and Saturday evening till ten o'clock. Special attention will be given mail, telegraph and telephone orders.

Of especial interest in the floral display is a large assortment of Croton plants, so popular now in the East. The decorative dahlias presented by the Pennsylvania Dahlias Garden management are very beautiful.

The display case in the new store is one of the finest ever seen in a city of this size. Besides keeping the flowers at a temperature of from 40 to 45 degrees Fahr., it shows them off to best advantage.

Seven became boarders at the jail Wednesday night and two last night. The two last night registered as John Corley and Frank Williams, both having been assessed fines of \$45 and costs for drunkenness. Corley paid his way out late last night but Williams remains behind the bars.

## 14 YEAR OLD GIRL, WHO TENDERLY LOOKED AFTER FOUR SMALL CHILDREN ACCIDENTALLY KILLED BY FATHER

After digging a pan full of potatoes for the evening meal, Coddie Artripp, 14 year old daughter of William Artripp, who resides at Edgington, Ky., six miles west of Greenup, tripped lightly into her home at 6 o'clock last night.

A moment later a shot rang out and

the girl fell dead in her tracks. Artripp had been cleaning his special 32 automatic revolver and the trigger was accidentally snapped just as his daughter started to enter the front door of his home.

The bullet entered the girl's mouth and ranged upward, her death being

instantaneous. Dr. H. T. Morris of Greenup was summoned but his services were not needed. Sheriff Callahan, Deputy Sheriff Ed Tinsley and County Judge L. E. Nichols of Greenup went to the Artripp home last night and held an inquest. After the testimony of Artripp

and two eye witnesses to the regrettable tragedy Jacob Guthe and Logan Mock was heard, an accidental death verdict was rendered. Artripp suffered greatly from shock after the tragedy and required the services of a physician. His wife died some time ago and his daughter

looked after his four small children. Artripp, who is employed as a section man on the C. and O., had intended putting the gun away for good and says that is why he was cleaning it last night. He has long lived in Greenup county and resides at what is known as Big Rocky.

## RECORD CROWD AT FAIR; AWARDS MADE

Close to 10,000 persons thronged the Lucasville Fair grounds Thursday, when all former attendance records of the Scioto County Fair now in its twenty-eighth year were broken. The spacious Fair grounds were packed and jammed from 10 A. M. to 6 P. M. The big parking field for automobiles south of the Fair grounds was filled with machines while several hundred were parked on the main grounds. It was

Portsmouth Day, many places of business closing for the afternoon to give their employees a chance to attend the Fair, one of the best ever held by the Scioto County Agricultural Society.

The wide variety of exhibits and displays were carefully inspected, while the races were well attended, the grandstand being filled and many remaining in their automobiles parked about the race course.

**Fine Stock Exhibit**  
The large number of stock on display brought forth many comments. This year practically all stock is registered making a much better display than common stock or scrub stock that has entered into the competition before.

Judges were busy in the various departments yesterday awarding premiums. Paul Gerlaugh, specialist in charge of the Beef Cattle Exhibit of the Ohio State University now showing at the Fair, judged the Short Horn, Hereford, Jersey and Holstein cattle while L. A. Kauffman, also judged all classes of hogs. He was to judge the sheep today.

H. W. Baumgardner, of Sugar Grove, O., representing Ohio State University is judge of the 41 pigs exhibited by the 30 boys in the several Big Clubs of the county. He will inspect the score books kept by each boy and make the final awards. The winners will get a free trip to Columbus. W. W. Montgomery, judged the poultry exhibit yesterday. There are twelve pens of chickens exhibited by twelve young people enlisted in Poultry Clubs. The winners in the poultry exhibit were Marjorie Jones, Otway, first; Annette Howell, Haverhill, second; Miles B. Hughes, Haverhill, third; Gladys Sealer, Haverhill, fourth; Ruby Maddy, Otway, fifth; Annette Sherbourne, Willing Workers Club, Jefferson township, sixth; Ruby Stambaugh, Willing Workers Club, seventh; Arnette Brush, Haverhill, eighth; James Stewart, Haverhill, ninth; Joseph Boynton, Haverhill, tenth; Clord Covert, Otway, eleventh; Ruth Stambaugh, Willing Workers Club, twelfth. The first prize is \$5 and a free trip to Columbus in November during Boys and Girls Club Week. The other prizes are \$5, \$4, \$3, \$2 and seven \$1 prizes in addition to a year's subscription to a poultry journal.

**Food Club Exhibits**  
Miss Helen Davidson, of Ohio State University, is judging the Food Club exhibits made by Girls' Food Clubs. A canning demonstration was given yesterday by the Willing Workers Club of Minford, led by Mrs. Lucy R. Fullerton and the Sunshine Club led by Mrs. Charles Holt of Harrison township.

The demonstration was judged by Miss Davidson who declared the Willing Workers Club members the winner. These girls will also enjoy a free trip to Columbus during Boys and Girls Club Week. Miss Davidson later said that the two teams gave an excellent demonstration with competition so keen that it was hard to decide on the winner.

H. R. Barker, county agent of Picketing is judging the farm products on display. George Dushman, County agent of Lawrence county is judging the fruit exhibits.

A livestock judging contest for members of the Boys' Clubs was held Thursday. The winners were as follows: Joseph Woodall, Lucasville, first; Irwin Doty, Haverhill, second; Ralph Creek, United Pig Club, Pine Creek, third. These three will form a team that will enjoy a free trip to the State Fair. Later the boys were divided into Senior and Junior Classes for a judging contest. Rodney Harwood, of Lucasville was the winner in the Senior class and Joseph Boynton, winner in the Junior class. Harwood will be an alternate on the team of three.

## W. H. Harsha Discussed For Postmastership

### TO PRESENT PLAY AUGUST 22-23

The cast for "Phoebe" has been completed. Last night parts were given out to H. M. Ball, E. C. Hayes, A. S. Millard and Miss Gladys Hughes and with the cast and chorus nearly complete, rehearsals will begin in earnest tonight. Mr. Deacon, the director, is a pupil of the Tarasoff school and the opportunity to work with him will be of decided advantage to Portsmouth young folks. The music in "Phoebe" is brilliant and of the kind one whistles without knowing why, and it should prove interesting to Portsmouth audiences to see their own townfolk doing the difficult steps of the professional stage.

The tickets for the advance sale were distributed today and the box office sale opens at Brandeis Book store a week from today. The executive committee in charge of the production is composed of the following members: Mrs. Henry Bannan, Mrs. Lewis Dunn, Mrs. J. G. Dillon, Mrs. Robert Baker, Mrs. J. L. Watkins, Miss Margaret Plimstone, and Miss Isabel Kinney. The play will be presented in the High school auditorium on the evenings of Tuesday and Wednesday, August 22 and 23, under the auspices of the Ladies Aid Society of All Saints' Church.

### CARLTON ASKS TO USE CABLE

NEW YORK, August 11.—(By the Associated Press)—Newcomb Carlton, president of the Western Union Telegraph Company, announced today he had wired President Harding for permission to use, in the emergency caused by seizure of cables by Irish irregulars, the cable landed by the

Western Union at Miami from the Barbadoes and sealed by the government. Mr. Carlton gave assurance that if permission were granted, the Miami cable would be used for European business only. From Miami messages could be transmitted to Pernambuco, where the Western Union Telegraph Company of London has ample facilities for forwarding them to London.

A new phase has entered the fight for the local postmastership through the fact that W. H. Harsha is now being discussed as a possible compromise candidate. A number of his friends have been urging his candidacy, and a considerable support has been lined up for him. Mr. Harsha is 34 years old, and was graduated from the University of Michigan in 1912. Since then he has been in business here, in the Harsha Flour Mill, with the exception of two years spent in the army. He was a first lieutenant in Company K, was on the firing line in the Argonne, and later transferred to Belgium where he took part in the drive in that section which helped to end the war.

Mr. Harsha has been a lifelong Republican. He has served as a member of the county central committee, and in the last presidential campaign was president of the Young Men's Harshing club in this county. He was also the first commander of the local American Legion.

Mr. Harsha's friends are urging that he has every qualification for the office, has been a consistent Republican, a party worker, has had long business experience, and would make a splendid official.

## Plan Aid To Speed Up Coal Shipments

ST. PAUL, MINN., August 11.—(By the Associated Press)—Preparations for sending to Washington representatives from Iowa, Wisconsin, Minnesota, North Dakota and South Dakota, to be known as the Northwest Coal Committee, to aid in speeding up coal shipments to this section, were under way today, following the conference of governors of these states here yesterday.

Close on the heels of the conference came word from Washington that an increase of fifty thousand tons each week in the movement of bituminous coal to the northwest had been allowed by the federal committee. This will make a total of 250,000 tons a week to come via Lake Superior ports.

According to figures given out by Governor Preuss, of Minnesota, at the governors' conference, the bituminous coal delivered at the docks at Superior and Duluth during April, May, June and July, this year, is more than five million tons behind the figures for the same period last year.

Declaring that the northwest draws largely for its fuel supply from the stocks available at the head of the lakes, all the governors urged drastic steps by the federal government to insure this supply.

The threatened shortage "imperils the prosperity of our business" and endangers the health of our people, said the resolution sent to President Harding.

## Constipation Can Be Blamed For Diabetes and Bright's Disease!

And, constipation is responsible for most cases of rheumatism, hardening of the arteries, brain fog, sluggishness, headaches and many other organic disturbances! Constipation hastens old age; in fact, authorities tell you THAT 80% OF ALL HUMAN ILLNESS IS DIRECTLY TRACEABLE TO CONSTIPATION!

With knowledge like that can you stand by and see yourself slipping physically; see your loved ones fall, as the prey of a preventable condition? Do not minimize the dangers of constipation because you are only "slightly" troubled.

Inactivity of the eliminative passages creates toxic conditions which permeate the internal walls, poisoning the blood and affecting the organs. BRAN—Kellogg's Bran, cooked and kneaded—is nature's own positive and

permanent relief from constipation. It is the most wonderful corrective food known. Bran is not a "remedy," but a "roughage" that through its mineral salts and ability to absorb water—giving bulk and moisture—acts in perfect elimination. We guarantee that if Kellogg's Bran is eaten regularly—at least two tablespoons daily—in chronic cases with every meal—that the sufferer will be relieved permanently! Bran is wonderful for children, for the aged, for every one!

Kellogg's Bran is delicious, its nut-like flavor greatly adding to the enjoyment of eating cereals over which it has been sprinkled. Kellogg's Bran makes the tastiest of bakery batches, such as cakes, raisin bread, muffins, macaroons, etc. All grocers sell Kellogg's Bran.

## Durand May Become Independent Candidate

COLUMBUS, O., August 11.—Possibly that C. Homer Durand, Coeditor, defeated wine and beer candidate for the Republican nomination for governor, may become an independent liberal candidate for that office, developed here today.

With practically the state complete, returns showed Durand has polled a vote of 50,475. He is in third place. Carl A. Thompson has 163,451 votes, and Congressman Charles L. Knight, 72,364.

Whether or not Durand will enter the campaign as an independent candidate depends on Mr. Thompson, the Republican nominee and Rud Hynicka, Cincinnati, Republican national committeeman, Durand declared in a statement today.

He said "under the circumstances" he could not support Mr. Thompson. After saying "the primaries affect me more keenly because of the rumor that I was a stool pigeon of Carmi Thompson, and that my campaign was being financed by him," Durand asserted if Colonel Thompson and Mr. Hynicka "continue their silence and fail to deny these falsehoods, I may conclude to give the word to my friends and supporters to go as far as they like to nominate me by petition."

His Vote Gratifying  
After saying "the primaries affect me more keenly because of the rumor that I was a stool pigeon of Carmi Thompson, and that my campaign was being financed by him," Durand asserted if Colonel Thompson and Mr. Hynicka "continue their silence and fail to deny these falsehoods, I may conclude to give the word to my friends and supporters to go as far as they like to nominate me by petition."

Durand asserted that Colonel Thompson did not deny the stories that he (Durand) entered the campaign to further the Thompson candidacy, "that he might profit at my expense from what he knew was a falsehood."

Thompson Kept Silent  
In spite of the fact that Colonel Thompson was invited by me to writing to deny this false and ugly rumor, concerning his connection with my campaign, he unhesitatingly refused to do so, and non-committal policy on that falsehood which has characterized his every written and spoken word on every issue in the campaign. He kept silent that he might profit at my expense from what he knew was a falsehood.

"Under the circumstances, I find it impossible to support Mr. Thompson, who, in spite of the open support of the Anti-Saloon League and the Washington administration, did not feel secure enough in the confidence of the people of this state to deny the falsehood, which was a grave reflection on my integrity."

## EXCITING RUNAWAY IN WEST END

A team of horses hitched to a farm wagon and owned by Eugene Catter, of near Rushtown, became frightened Thursday and started on a lively run down Third street below Market and terminated in front of Sommer Bros. hardware store on Market street, when the team collided with a Ford machine parked there. There was little damage done as the left rear wheel of the machine,

which was owned by Henry Seidel, of 1800 Summit street, locked with the wheel of the wagon and the progress of the frightened team was halted. The machine had the left rear wheel damaged slightly and another machine, which was parked next to it, had a fender dented.

The bout has been advanced from August 20 to August 21. According to New York sporting men the scene of the contest was changed because of the desire of Wills and

## Court House

### Lower Court Reversed

Judge Thomas in common pleas court Friday handed down decisions in the cases of Frank Walters and George Scheurer against the State of Ohio, reversing the judgment of the lower court and finding in favor of the plaintiffs in error.

The cases grew out of the arrest and conviction of the defendants in Squire George S. Morgan's court last May under charges of possessing liquor unlawfully. Walters being fined \$300 and costs and Scheurer being fined \$100 and costs. The defendants promptly, through Attorney H. L. Small prosecuted error proceedings to the common pleas court from the finding of the magistrate, complaining that the judgment of the justice was against the manifest weight of the evidence.

The case was submitted on the record below and on review Judge Thomas entered an order upholding that contention and reversing the lower court.

The prosecution of Walters and Scheurer was based upon the arrest of a young man named Thomas Cole in the Walters' soft drink establishment on Waller street by state prohibition enforcement officers composing the "Flying Squadron" here on the occasion of their visit here in May. Cole had two pints of moonshine liquor in his possession at the time he was arrested, but no other liquor was found in the place. Cole denied on the witness stand that he bought the liquor there.

At an inquest held in Probate court Friday, Mrs. Mary Riley, 24 years old, wife of George Riley, of near Otway, was adjudged insane by Judge Gilliland and ordered committed to the Athens State Hospital for treatment.

### Dials Fined and Sent To Jail

Edward Dials, 35, of 1307 Mahert avenue, was convicted at a hearing in Probate court of committing acts tending to cause the delinquency of Clara James, 13 years old, daughter of Mrs. Mary James, also of Mahert avenue, and Judge Gilliland fined him \$25 and costs and sent him to jail for ten days.

Dials admitted writing "love notes" to the girl and in which he urged her to meet him in an alley at the rear of her home at night.

In passing sentence the court scored Dials for his misconduct towards the girl and told him he was lucky that his associations did not go farther than writing notes. The accused, who is married, was represented by Attorney W. R. Sprague and Attorney L. A. Thompson pressed the charge for the complainant.

## Issue Statement On Rules Controversy

The naming of a new press committee and the issuing of a statement in regard to the rules controversy was the only thing new with the striking N. & W. shopmen yesterday. The press committee that was first named has been busy with other duties and found they were unable to give all their attention to the work. The new committee includes O. G. Heinisch, Tim O'Brien and Walter Glenn.

This committee also gave out the statement that 25 out of the new machinists brought here from the east had quit their jobs after investigating local conditions.

The new committee also announced that the five pickets on the job report that only a few new men are going to work and that they are not fooled

by the same men being sent through the main entrance several times daily with suit cases to leave the impression that many were being hired. The pickets aver that a group of about six men enter the Norfolk road to the N. & W. shops then go through the east yards and in a short time enter the Norfolk entrance again.

Yesterday the following statement on the rules controversy was read and later given out by the press committee. The committee believes that, as much as being said about the rules controversy, the following is of importance to the public:

"So much has been said and so much more has been written about the relation of the present strike to the rules controversy that a little information on the subject may be helpful. At the outset it may be said that a deliberate and audacious attempt has been made to create in the minds of the American people the belief, first, that our contention on the question of overtime rules is an entirely new issue or, second, that at the best the overtime rules contained in the National Agreement were the product of Federal control and that prior to that time no recognition of this principle existed on railroads. It is safe to say that millions of dollars have been squandered by the railroads of this country in their efforts to fix this thought or idea in the minds of the American people, and so that the facts may be known a digest of this question in brief form is set forth in this article.

In the first place it should be remembered that a great number of the first agreements on railroads affecting shop crafts were verbal agreements with the committee or were agreements reached between the committees and the management but which were posted by the management in the form of "shop rules." Many times these agreements were for entire railroads, quite frequently they only cover one point or one terminal on a railroad. Therefore, our records of the exact conditions

which existed on the railroads of this country prior to 1900 are indefinite and incomplete. However, we have positive evidence that time and one-half was paid for Sunday and holiday work as long ago as 1876.

The first written agreement, however, which is contained in our files is the Machinists' agreement, which was secured on the Northern Pacific Railway in 1903 and the rule covering overtime on that road is as follows:

"All time over the regular 10 hours working day, including Sundays and legal holidays, to-wit: New Year's Day, Lincoln's Birthday, Washington's Birthday, Decoration Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas, shall be paid for at the rate of time and one-half. All time after 12:00 o'clock midnight shall be paid at the rate of double time."

It is interesting to note the language of the rule just quoted and rule 6 of the National Agreement, effective October 20, 1919. Rule 6 of the National Agreement:

"All overtime except as the provisions of rules 7, 9, 10 and 15 apply, outside of bulletin hours up to and including the sixteenth hour of service in any one twenty-four hour period, computed from the starting time of the employee's regular shift, shall be paid for at the rate of time and one-half and thereafter at the rate of double time, up to the starting time of the employee's regular shift."

"This is to include work performed on Sundays, New Year's Day, Washington's Birthday, Decoration Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas, and such state holidays as are now recognized as punitive overtime days at the various points on the respective railroads within the different States."

It will be noted that the Northern Pacific rule of 1903 is in some respect more drastic and incapable of flexible application than is the National Agreement rule 6 and particular attention is directed to the fact that the Northern Pacific rule of 1903 provides that "all overtime" shall be paid for at the rate of time and one-half and double time. Furthermore the listed holidays contain an additional day to those specified in rule 6 of the National Agreement, namely: Lincoln's Birthday.

Furthermore, the Northern Pacific rule requires that "all time after 12:00 o'clock midnight shall be paid at the rate of double time," while in the National Agreement double time did not apply until after "16 hours of service." So that in the final analysis we find that instead of the principle of time and one-half outside of regular working hours being a heritage of Federal control, it was originally introduced on railroads voluntarily by railroad management itself and that later it was accepted as a just and reasonable condition and written into language which was signed by railroad management as long ago as 1903. Yet we find that after nearly twenty years operation under signed agreements the railroads are holding forth the plea that such a condition of employment is uneconomical and consequently must be dispensed with and unfortunately the Railroad Labor Board has shared their views in this respect, and while the Railroad Labor Board in its decision stated that it recognized the principle of the eight-hour day, nevertheless we cannot help but feel that this drive to eliminate the payment of punitive overtime rates is not a drive so much against the actual paying of those rates as it is a drive with the object of attempting to break down the standard eight-hour day, and the re-establishing of nine, ten and perhaps more hours per day.

However, even though that is not indicated at present the undisputed fact remains that if the shop crafts acquiesced in this first step it would only be a question of time until further inroads would be made in that respect.

Therefore, the cry that time and one-half is only a war baby and was granted to employees under duress is but another of the thousand and one noises which are raised daily by railroad managements as a smoke screen behind which they carry on with devilish cunning their scheming and conniving as to how not only to impair the conditions of labor, but to deceive the public and to likewise deprive them of the things they are entitled to in the way of proper service and all that goes with it.

## Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, friendship, work, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise—Will you please tell me how to make my husband affectionate towards me? I love him dearly but he never seems to pay any attention to me. He is good and kind but it is as far as he goes. Do you think he has ceased to love me?  
YOUNG WIFE.

It is a rather hopeless situation if your husband's nature is not affectionate. Affection is born in people. There are many cases of men who cease to be affectionate after marriage but who are loyal to their families and love no other woman. If you want to get him a bit, do so without waiting for him to make the first move.

Dear Miss Wise—I live in the country and have nothing but a hillside cellar and it is hard to make good frosting without ice. Will you please tell me what will make the white stuff stiff enough to use. I beat cream until my arm is sore and they are just as thin as when I started.  
COUNTRY READER.

Allow a pinch of salt or soda to the white of each egg and you won't have any trouble with them getting hard.

Dear Dolly—Would it be proper for three girls and three boys to go auto riding after night?  
INTERESTED TOTS.

"Tots" should not go joy-riding after night unless chaperoned. How about going in the morning or afternoon?

Mrs. J. S.—A typographical error in yesterday's Times made your request for grape juice read "grape jelly." The recipe given was for grape juice and not "jelly."

**HENPECKED HUSBAND**—My sympathy goes out to your wife. It is enough to make her cross all the time to have a husband who does not love her, and the strain of caring for a baby. There is a great possibility that her irritableness comes from some physical disturbance. Your faith in the other woman is unwarranted. She is not honorable because she is stealing the love of another woman's husband. Something is wrong with her self-respect or she would treat you as an acquaintance and stop all close relationship between you. Be

Four more loaves from each sack of Enterprise Flour

THE fact that a sack of Valier's Enterprise Flour costs much less than it did last year is not the only reason why it is so economical. Eight or even less cups of Enterprise go as far as nine of ordinary flour.

Enterprise Flour has concentrated strength because it is milled, as always, from only the creamiest white centers of the finest, strong-gluten hard wheat.

We know that you would rather pay a few cents more for a sack of flour you can depend upon. Enterprise will never cause a failure.

## SOCIETY

The many kind friends of Mrs. Lena Kline Reed will be pleased to learn that she is recovering from a very serious and prolonged attack of neuritis, which has for several weeks past, through intense suffering, caused her temporary loss of the use of her right arm. Her attending physicians, fearing nervous exhaustion—which would bring on a relapse—prohibit Mrs. Reed at present from receiving the social visits of her friends, believing that she requires quiet rest, and careful attention to enable her to regain her former good health, which her many friends so sincerely desire for her, and which she earnestly anticipates.

The picnic given by Bailey Relief Corps No. 43 on the lawn of the W. L. Baker home, 811 Washington street, Wednesday afternoon, and the lawn fete following, were all that could be expected, as every one present had most enjoyable time. Her members and friends were present. At five o'clock mess taps were sounded by Bugler Bennett and all were seated at two long tables arranged on the lawn. Mrs. Hannah Reed delivered a short address of welcome, which was responded to by Comrade Dr. P. J. Kline. Mrs. Cornelia Treubart also delivered a short, but interesting address. Mrs. Anna Vauclairs of Dennis, O., was an out-of-town visitor.

A nice sum was realized from the sale of ice cream and cake, which will be used to purchase silk flags for the corps.

Photographer Cook took a picture of the crowd before adjournment, which will be highly prized by those fortunate enough to be included in the group.

Miss Audrey Reed of Third street left yesterday on a motor trip with Mrs. M. Paradise and daughter, Louise, of Wheeling, W. Va., who have been Miss Reed's guests this week. She will return the first of September.

Mrs. J. T. McCormick entertained with a one o'clock luncheon, followed by an afternoon of bridge Thursday at her home, 718 Sixth street, for the pleasure of her house guests, the Misses Elizabeth and Helen Stevenson of Ft. Thomas, Ky., and for Miss Esther Eichenberger, whose marriage to Mr. Goldy Blair Strickland of Raleigh, N. C., will be an event of the early fall.

Mr. and Mrs. John Pirrung, and family have as guests this week Mr. and Mrs. A. J. Pirrung and two children, John and Albert, of Kennedy Heights, Cincinnati. Mrs. E. M. Hardesty of Mt. Hope, W. Va., and Mr. Lee Pirrung of Montgomery, W. Va.

Mrs. Agnes McCall of Seventeenth street had as guest today Mrs. Edie Elliott of Charleston, W. Va.

## Thousands Keep Cool On Tanlac

Thousands of people everywhere have found that taking Tanlac is the best way on earth to overcome the depressing effects of the wilting heat of summer and enable them to do their work with a vim and enjoy their hours of play to the fullest extent.

In hot weather the system "lets down," the liver becomes sluggish and the whole body lacks tone and vitality. One becomes an easy victim to sickness and disease. Nature must have help to replenish the vitality and combat the insidious "summer complaints" that, if left unchecked, are apt to develop into serious fevers and other dangerous maladies.

Tanlac is the ideal remedy for this condition. Composed of nature's own roots, herbs and barks, it gets naturally to help restore the system to normal and make the entire body elastic, strong and vigorous, able to withstand the depressing effect of the most torrid temperatures.

Begin taking Tanlac today and notice the difference in your feelings. It's sold by all good druggists.—Advertisement.

Mr. and Mrs. W. L. Tracy and daughter Virginia of Snouyside were guests last evening of Mr. and Mrs. Pete Wintersole of New Boston.

Mrs. G. D. Watt of Baird avenue came home last evening from Elkhart, W. Va., where she visited her son and daughter-in-law, Dr. and Mrs. Gilbert Watt.

George Emrick of the Emrick-Rawson Company, Gallia street funeral directors, is entertaining his aged father, Mr. Charles Emrick of Hamilton, and the Misses Mary and Goldie Emrick and Mrs. Mabel Huffman, who accompanied Mr. Emrick to this city.

Mr. Emrick is 84 years of age and is remarkably hale and hearty, despite his advanced years. He made the trip by motor and will remain here over the week-end.

Mrs. W. J. Van Scoy entertained her Sunday school class of Trinity church Wednesday evening at her home at 1108 Eighteenth street, with a get-acquainted party, as Mrs. Van Scoy is a new resident in the city, having come here highly recommended as a church worker from Trinity church, Chillicothe, and the girls are very fortunate in getting her as their teacher. The afternoon was spent in games, after which the hostess served refreshments. The girls left at a late hour, all enjoying the afternoon.

## Adventures Of The Twins

BY OLIVE ROBERTS BARTON

THE next place the Twins came to on the Tinky-Winkle Star was a giant's house.

"Boo!" yelled the giant out of the window.

"Boo yourself!" answered Nick. "We're not afraid of you. We're not afraid of anything."

"I'll let you see," answered the giant. "Just you wait."

Pretty soon he reappeared in the doorway. And what did he do but change into a pink elephant and rush at them!

But Nancy and Nick bravely stood their ground. Even when the pink elephant took his trunk and lifted them on his back, they weren't afraid.

"Oh, shucks!" said the elephant. "Aren't you afraid of anything?"

"Oh, yes!" answered Nancy. "Ah, but I thought there was something!" cried the elephant, and then he disappeared so suddenly that the Twins lit on the ground with a

thump. And just as suddenly there was a buzzing and a wuzzing and a large swarm of bees came right at them.

"Oh!" screamed Nancy. "Save me, Nick!"

Quick as a flash Nick grabbed a large mat from the giant's door-step and threw it over his sister and then crawled under himself.

Of course the bees couldn't sting through anything so thick, and they got tired and buzzed away.

Nancy and Nick waited and waited. Then, peeping out, they saw the bees had gone, so out they crawled.

A purple fairy, flying by his ears, was just disappearing around the corner.

"My goodness!" said Nick. "The giant and the elephant and the bees must have been Flap-Doodle himself. He's changed himself with the Fairy Queen's wand!"

BEFORE THEY STARTED THE TWO ANIMALS ON THEIR RACE, JACK HAD PLACED A BONE NEAR A TREE. FIVE HUNDRED YARDS AWAY, THIS WAS TO MARK WHERE THE ANIMALS WERE TO TURN AND RACE BACK.

FLIP WAS LEADING BY A GOOD MARGIN WHEN SUDDENLY THE BONE APPEARED OFF THE COURSE. AND TOOK A SHORT CUT TO THE TREE. THEN HE POUNCED UPON THE BONE.

THE BONE WAS HUNGRY AND INSTEAD OF PICKING UP THE BONE AND RUNNING BACK, HE STOPPED TO CHEW ON IT. A FEW SECONDS LATER, FLIP CAME BOUNDING ALONG AND CIRCLED THE TREE.

FLIP KEPT ON RUNNING UNTIL HE REACHED THE FINISH LINE. THE WINNER BY A LARGE MARGIN, JACK HAD THE LAUGH ON THE OLD FELLOW'S FACE. THE TABLES WERE TURNED IN THE NEXT CHAPTER.

### THE RED HOUSE MYSTERY

by A. A. MILNE

© 1922 S. S. S. Company

BEGIN HERE TODAY

Who had shot and killed the ne'er-

do-well

ROBERT ABLETT, within two min-

utes after his arrival at The Red

House, the country estate of his

wealthy bachelor brother,

MARK ABLETT? Robert's body was

on the floor of the locked office.

Mark was missing and, in the opin-

ion of Inspector Birch, it was clear

that Mark, who had looked forward

to Robert's return from Australia

with a fortune, had shot him and

disappeared.

But there were mysterious circum-

stances. The shot was fired a few

moments before

ANTHONY GILLINGHAM, gentleman

adventurer and friend of

BILL BEVERLEY, one of Mark's

guests, had entered the hall where

he found

MATT CAYLEY, Marks constant

companion, pounding on the door

and demanding admittance. The

two men enter the room through

a window and find the body.

Anthony and Bill continue investi-

gations and become convinced that

Cayley knows something about the

crime. They discover a secret pas-

sage leading from The Red House to

the bowling green and then Anthony

questions the maid, Elsie, who over-

heard Mark speaking to Robert in the

office.

GO ON WITH THE STORY

"It was you who heard Mr. Mark

yesterday, wasn't it?" Anthony asked

the maid.

"Yes, sir."

"It's my turn now. You wait."

"Yes, sir. Nasty-like. Meaning to

say his chance had come."

"I wonder."

"Well, that's what I heard, sir."

Truly.

Anthony looked at her thoughtfully

and nodded.

"Yes, I wonder. I wonder why."

"Why what, sir?"

"Oh, lots of things, Elsie. . . ."

He had found his pipe and went

downstairs again.

Anthony was glad to have spoken

to her, because he had recognized

at once the immense importance of

her evidence. To the inspector no

doubt it had seemed only of import-

ance in that it had shown Mark to

have adopted something of a threat-

ening attitude toward his brother. To

Anthony it had much more signifi-

cance. It was the only trustworthy

evidence that Mark had been in the

office at all that afternoon.

For who saw Mark go into the

office? Only Cayley. And if Cayley

had been hiding the truth about the

keys, why should he not be hiding

the truth about Mark's entry into

the office? Obviously all Cayley's

evidence went for nothing. Some of

it no doubt was true; but he was

giving it, both truth and falsehood,

with a purpose. What the purpose

was Anthony did not know as yet; to

shield Mark, to shield himself, even

to betray Mark—it might be any of

these.

Elsie's evidence, however, seemed

to settle the point. Mark had gone

into the office to see his brother;

Elsie had heard them both talking;

and then Anthony and Cayley had

found the body of Robert. . . . and

the inspector was going to drag the

point.

But certainly Elsie's evidence did

not prove anything more than the

mere presence of Mark in the room.

"It's my turn now; you wait." That

was not an immediate threat; it was

a threat for the future. If Mark had

shot his brother immediately after-

ward it must have been an accident.

the result of a struggle, says, pro-

duced by that "nasty-like" tone of

voice. Nobody would say "You wait,

and see what's going to happen to you

later on."

The conversation Elsie had over-

heard couldn't have meant murder.

Anyway not murder of Robert by

Mark.

"It's a funny business," thought

Anthony. "The one obvious solution

is so easy and yet so wrong."

He found Bill in the hall and pro-

posed a stroll. Bill was only too

ready.

"Where do you want to go?" he

asked.

"I don't mind much. Show me the

park."

"Righto."

They walked out together.

"Watson, old man," said Anthony,

as soon as they were away from the

house, "you really mustn't talk so

loudly indoors. There was a gentle-

man outside, just behind you, all the

time."

"Oh, I say," said Bill, going pink.

"I'm awfully sorry. So that's why

you were talking so hot."

"Partly, yes. And partly because

I do feel rather bright this morning.

We're going to have a busy day."

"Are we really? What are we

going to do?"

"They're going to drag the pond—

beg its pardon, the lake."

"We're on the way to it now, if

you'd like to see it. What are they

dragging it for?"

"Mark."

"Oh, rot," said Bill uneasily. He

was silent for a little, and then

eagerly, "I say, when are we going

to look for that passage?"

"We can't do very much while

Cayley's in the house."

"What about this afternoon when

they're dragging the pond? He's

sure to be there."

Anthony shook his head.

"There's something I must do this

afternoon," he said. "Of course, we

might have time for both."

"Has Cayley got to be out of the

house for the other thing too?"

"Well, I think he ought to be."

"I say, is it anything rather ex-

citing?"

"I don't know. It might be rather

interesting. I daresay I could do it

at some other time, but I rather

like it at 3 o'clock, somehow. I've

been specially keeping it back for

them."

They had come to the pond—

Mark's lake—and they walked silent-

ly round it. When they had made

the circle, Anthony sat down on the

grass, and reft his pipe. Bill fol-

lowed his example.

"Well, Mark isn't there," said An-

thony.

"No," said Bill. "At least, I don't

quite see why you know he isn't."

"It isn't 'knowing,' it's 'guessing,'"

said Anthony rapidly. "It's much

easier to shoot yourself than to drown

yourself, and if Mark had wanted to

shoot himself in the water, with the

idea of not letting the body be found,

he'd have put big stones in his pocket

ets, and the only stones are near the

water's edge, and they would have

left marks, and they haven't, and

therefore he didn't, and—oh, bother

the pond; that can wait till this after-

noon. Bill, where does the secret

passage begin?"

"Well, that's what we've got to find

out, isn't it?"

"Yes. You see, my idea is this."

He explained his reasons for think-

ing that the secret of the passage was

concerned in some way with the se-

cret of Robert's death, and went on:

"My theory is that Mark discov-

ered the passage about a year ago—

the time when he began to get keen

on croquet. Well, then, when Miss

Norris was going to dress-up, Cay-

ley gave it away. Probably he told

her that she could never get down

to the bowling-green without being

discovered, and then perhaps showed

her the passage about a year ago—

which she could do it, and she

wormed the secret out of him some-

how."

"Over here?" said Anthony, going

to it.

"Yes." He corrected himself sud-

denly. "Oh, no, it's not. Mark had

a grand re-arrangement of his library

about a year ago. It took him more

than a week, he told us. He's got

such a frightful lot, hasn't he?"

"Now that's very interesting," said

Anthony, and he sat down and filled

his pipe again.

There was indeed a "frightful lot"

of books. The four walls of the

library were plastered with them

from floor to ceiling, save only where

the door and the two windows insist-

ed on living their own life, even

in the most hopeless room of

any in which to look for a secret

opening.

Word from members of Battery B and the Combat Train the 134th Field Artillery units of the National Guard that left Portsmouth Sunday morning for Camp Knox, Ky., is that all arrived safely and are established in camp for thirty days. During this period the members will be put through strenuous training. In the units are former service men who take to camp life like a duck takes to water but there are others who are having their first taste of real army life and they are not finding it as nice as they expected. Captains Paul Walker and Carey Williams are local officers in charge while regular army officers stationed at Camp Knox are in charge of the daily routine the garrison have to undergo.

BOSTON, Aug. 11.—The Commercial Bulletin tomorrow will say:  
The wool market keeps steady in spite of all the adverse factors affecting business at the moment, especially the strikes and the tariff. Demand has been of fair proportions and prices are generally firm. Little business is reported from the west.  
The goods market appears to be fairly healthy and the prospects at the moment seem to favor higher prices for goods, unless wages are lowered in the wool manufacturing plants.

## Auto Victim Had Relatives Here

John C. Bowles, 22, of Pikeville, Ky., who met death in an automobile accident in Ironton Wednesday afternoon, was a cousin of W. K. Nelick, 25, of Gallia street, this city. Relative to the accident the Ironton Register had the following:

"Bowles is a son of a prominent old Kentucky family, an only child and reputed to have been rich in his own right. It is understood he was returning to his home in Pikeville after a trip and had stopped over at Ashland, Wednesday was his 22nd birthday and to celebrate the event he borrowed the car from a friend in Ashland and drove over here to see some friends.

A Mr. Sloan, of Ashland, owner of the car, and a man named Morris, came with him. On reaching here they drove to the home of Miss Marie Scott, a friend of Bowles, and then to the home of her sister, Mrs. McCall. All four were in the car at the time of the accident.

Kirt Davidson, a son of former County Commissioner Frank Davidson of Hoch, was going out Park avenue on his way home. With him in a Ford touring car was his wife and baby, his mother-in-law, Mrs. Bailey, and her daughter.

Bowles, who was driving down Sixth street, had almost cleared the center of the intersection when the Davidson car struck him. The Studenbaker car was turned completely over, standing bottom up. Bowles' back and arm were broken and his throat cut, the jugular vein being severed by the broken windshield. A crowd which quickly gathered, lifted the car, and Bowles' body, which was jammed by the steering wheel, clung to it as it came up, then

dropped clear of the wreck. As the body fell, blood spurted from the severed jugular vein and death was practically instantaneous, the victim dying without a murmur. Sloan suffered a bruised hip and Miss Scott a fractured collar-bone. Morris and Mrs. McCall were bruised.

The Ford car turned over on its side and the occupants crawled out themselves. Mrs. Davidson, who was holding the baby, emerged with it still in her arms. Mr. Davidson was bruised, as were all of his party, but none were seriously injured. Miss Bailey, however, had a bad gash across the face.

## CENTRAL COMMITTEE TO ORGANIZE SATURDAY

The new Republican County Central Committee chosen at Tuesday's primary will organize at a meeting to be held Saturday noon in the quarters of the Scioto County Republican Club in the Masonic Temple, of the city of Portsmouth, Ohio, on Saturday, August 12, 1922, at 12 o'clock.

This meeting is called for the purpose of organizing the Republican County Central Committee from the newly elected Committeemen through out the county, and you are urged to be present and assist in such organization.

"Yours respectfully,  
R. F. Bennett,  
Chairman Central Committee."

### Alkali in Shampoos Bad for Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulfield's emulsified oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get Mulfield's at any drug store, and a few ounces will last the whole family for months.

Two or three teaspoonfuls of Mulfield's in a cup or glass with a little warm water is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and lathers out every particle of dust, dirt and dandruff. Be sure your druggist gives you Mulfield's.—Advertisement

### CHILD HIT BY AUTO; SKULL FRACTURED

Calvin Clark, of the credit department at the Selby Shoe Company, who was called to Russell, Ky., last Saturday in response to a message that his little daughter had been injured as a result of being struck by a machine, has returned home and states that his little girl is doing as well as could be expected. Her skull was fractured.

Mr. Clark's home is in Washington, D. C., and Mrs. Clark was visiting with her little daughter at Russell.

### NEW BOSTON

The Jr. O. U. A. M. will meet this evening in regular session at Davis hall on Gallia avenue. All members are urged to attend as business of importance will be transacted.

The W. O. W. met last evening in regular session at Davis hall on Gallia avenue, with good attendance of members present. The regular business was transacted and later Council closed after several members made good talks.

Mrs. William Hasselman of Gallia avenue, who has been ill for some time, is improving nicely.

Mrs. Pete Wintersole of Rhodes avenue received word yesterday from Mrs. William Kennedy (Evelyn Fleischmann) of St. James, Minn., that her father, John Fleischmann, had died last Sunday, August 6, at his home in St. James, Minn., of lung trouble. Mr. Fleischmann and family are well known here and their many friends will be sorry to learn of his death. Mr. and Mrs. Fleischmann lived for several years in the property on Rhodes avenue now occupied by Squire Morgan and family.

Mr. and Mrs. Ben Adkins have moved from Rhodes avenue to Gallia avenue.

## Landis Snorts At New Scandal Talk

DETROIT, Mich., Aug. 11.—The rumor emanating from New York, that the Pittsburgh Nationals were due through an alleged agreement to win 15 straight games and the pennant.

"I wouldn't talk seriously about it," Commissioner Landis said, when asked to comment on scandal tips in virtually every city visit.

the commissioner continued. "But this is the most ridiculous that ever came to my attention."  
Commissioner Landis spent the day here in conference with Frank J. Navin, president of the Detroit club.

## Horseshoe Contests End In Tie

The contest was held yesterday at the County Fair.

### Horseshoe Contest Tie

The contest for the horseshoe championship of Seoto county, resulted in the very tiekest kind of a tie. In fact if a mathematician had sat down and tried to figure out a close tie he couldn't have done any better.

Four teams were left in the finals, and each team pitched each of the other three teams. At the end of these games the teams stood as follows:

Craig and Dodge ..... 5 4 555  
Hughes and Mitchell ..... 5 4 555  
Doll and Miasie ..... 4 5 445  
Dopps and Ashworth ..... 4 5 445

A closer tie couldn't be figured out.

These ties will be pitched off today at the good old Children's Home lot, the finest pitching grounds around here, and Secretary Edw. Gillfillan, will be waiting with the blue and red ribbons to pin on the victors.

### Eight Teams Entered

Eight teams entered the contest. T. S. Morgan and James Morgan, from Olway, Leonard Bradshaw and Chas. Ward, from Wakefield, Chas. Throckmorton and Marion Ward from Lanesville, Brady and Crabtree, Dopps and Ashworth, Doll and Miasie, Mitchell and Hughes and Craig and Dodge from Portsmouth.

### Opening Matches

Hughes and Mitchell won the opening matches from the Morgan brothers, 21-1, 21-3, 21-3. Dopps and Ashworth, won 3 straight from Ward and Bradshaw, 21-16, 21-9, 21-10. Doll and Miasie won 2 out of 3 from Craig and Dodge, 21-2, 21-1, 21-2. Throckmorton and Ward won from Brady and Crabtree, 21-13, 21-21, 21-15.

### Second Round

Dopps and Ashworth won 3 straight from the Morgan brothers, 21-3, 21-2, 21-8. Hughes and Mitchell won all three from Ward and Bradshaw, 21-1, 21-0, 21-8. Doll and Miasie won three straight from Throckmorton and Ward, 21-9, 21-7, 21-1, 21-3. Doll and Miasie won all three from Brady and Crabtree 21-3, 21-0, 21-9.

### Third Round

Hughes and Mitchell took Dopps and Ashworth's measure 21-18, 21-16, 21-11. Bradshaw and Ward, lost the first match to the Morgan brothers, 20-21, but won the next two 21-30, 21-3. Doll and Miasie won two out of three from Brady and Crabtree, 21-6, 21-9, 14-21, while Craig and Dodge made a clean sweep from Throckmorton and Ward 21-2, 21-4, 21-16

## MONEY BY THE CARTLOAD

THE printing presses are grinding out money once more in Berlin and the Germans are happy again. That is, comparatively happy; for everything is comparative in Germany these days—as the price of the mark, for instance.

When the printers in the capital went out on strike not half as much inconvenience was caused by the suspension of the newspapers as by the curtailment of the supply of paper money. The people had previously been suffering from a lack of enough 1,000-mark and even 100-mark notes and the precipitate decline in the value of the mark had made vast quantities of smaller notes necessary for the simplest purchases. At the height of the printing strike the largest note available was one of 20 marks, worth roughly five cents compared with nearly \$5 before the war. As a result Americans who went into Berlin banks to cash dollars came out carrying huge bundles of paper marks tied in wrapping paper.

There have been periods in American history when this country had to suffer from the price inflation attendant upon a depreciated currency. There have been periods, indeed, when sections of this land hailed a cheap medium as the desideratum of all prosperity. How grievously they erred it is now useless to relate, although a reading of some such review as Bullock's "Monetary History of the United States" will freshen the mind upon these fundamentals. We should be thankful indeed, that the dollar is worth every cent printed upon its face. And it should make Americans thoughtful to realize that they are almost alone in this distinction. Long experience and many tragedies have led to a currency system that is sound and a banking system impregnable.

Other countries are inconvenienced by the shrinkage of the mark from 23.4 cents par to less than two-tenths of a cent. The discrepancy in the exchanges seriously limits American foreign trade for the time. But in the long run the chief sufferer from the excited printing of paper marks by the republican government will be the German people themselves. They must bear the burden of restoring the mark to parity, must assume the losses of liquidation, or suffer the severe penalties of repudiation.

## COLLECTIVE BARGAINING

THE principle of "collective bargaining" in industry has received the approval of many leaders of both employers and employees and has been endorsed by leading men in the government. It seems like a reasonable way for organized labor and employees to get along amicably.

There is one important hindrance to the success of such a plan, and it has been very much in evidence in industrial circles in recent months—the demand of capital or of labor that its views of the justice of a settlement shall be adopted, without taking into practical consideration the interests of the other side. So-called "collective bargaining" under such requirements becomes ridiculous. It may be discussed as a fine theory of the relations between employers and employees, but it can never become operative in a practical way. Only intelligent regard for the rights of both sides can make the plan a success.

The strike of the coal miners is a good illustration of the difference between theory and practice. There could hardly be any "collective bargaining" in the mining industry as long as either side declared in advance the maximum of concessions it was willing to make in order to secure an agreement. Results of a practical kind might have been secured if each side had been willing to go into conference open-minded. There is no agency for arbitration in the mining industry.

The new dance steps seem simple and, as a matter of fact, they probably are.

The man who can become enthusiastic about keeping out of debt will get along somehow.

"Paderewski will abandon politics" says a news item. Not surprising in a devotee of harmony.

To flatter a pretty woman one must not tell her that she is pretty, but that she has brains.

Even when the will of the people is expressed, it is frequently carried through by slow freight.

The Greeks ought to have known that the allies would not let them put Constantine in Constantinople.

The strikes of 40 years ago were expensive to the workers, and they didn't pay any more dividends than they do today.

Now that operators and miners accuse each other of violating the contract, what is the encouragement for making another.

A man will marry a girl because she is different. And he will divorce her because she is different—from what he thought she was.

Five thousand officers are to be dropped from the United States army, and every private will wish that they are all second lieutenants.

The girl in Washington who has been dubbed the fairest of that city's bobbed hair girls was given a dubious honor. Bobbed hair doesn't mean anything.

## THE BIBLE IN PICTURES AND TEXT

DAVID AND ABIGAIL

SAMUEL died. David went into the wilderness of Paran. There lived a rich but ill-natured man named Nabal. Abigail, his wife, was beautiful and kind. David sent to Nabal, asking for food. Nabal refused. David was angry for he had kept Nabal's flocks safe in the wilderness. He started out to punish him. Abigail heard of her husband's unkindness and loaded asses with food to send them. She met David and asked him not to mind the evil words Nabal had spoken. David thanked God for sending her and keeping him from killing Nabal. Nabal died. David loved Abigail and she became his wife.

## New York-Day-By-Day

BY G. C. BENTLEY

NEW YORK, August 11.—Thoughts while strolling around New York: A breath of the desert—a robed Tunisian. That beaming fellow is Bob Davis, the editor. One of our best feeders. Sporty little hat and cane shops. Wonder whatever became of the swaggy stick?

Baby talkers with staid old men. The world isn't mad. It's cuckoo. A light-weight pugilist going to a song recital. Longacre Square smiling and brilliant. Irene Bordoni stops to chat with the red-cheeked Irish son, Walter Kingsley in a dove grey suit. College boys with inverted pipes and a world-weariness. Something to laugh off—a female impersonator chewing tobacco. Extra movie girls. Wise and hard-boiled. And an ever-shifting army. That fellow has been too friendly with his bootlegger. Burnt-out beggars with maiming lips. What a look that Greek gave me. Business of being unconcerned. I'd like to be up in the Maine woods today. Newspaper bulletins heralding the foreign debt. Why not let Peggy Joyce collect it.

Jack Kearns, the light promoter. And that summery looking girl is Mae Murray. How the people stare. And a supreme court justice passes along unnoticed. I'm afraid of those escalators. Always fear I'll do a Charlie Chaplin.

Those flat-berbed young men who get their bright patter from the vaudeville shows have been ordered to move, too. At noon and in the evening they gather under the hotel canopies to pull their guips and hold up pussers by to scorn. It is said

that a high official in the police department was walking along with a young lady several weeks ago and the carh comedians hurled an avalanche of supposedly bright remarks after them. The order went out that night to drive them off the street and "fan" them—which in the police argot means a spanking with a police club.

All the thrills of the movies were a part of the sensational capture of the Leonard Street mail stickup thieves lately. "Gogettem" McCarthy the government sleuth, who trailed the pack to their lair, was twice picked out for instant death. Once he was invited to Hunter's Island Inn, out on Pelham Bay. A little bobbed blonde was casually assigned to entertain him at the dinner party. As the cocktails were served she whispered over the rim of her glass: "Let's give them the slip and walk in the park." McCarthy pushed back his chair but happened by chance to glance under the downcast eyelids of the leader. And he caught the flicker of a signal. It was learned that two East Side gangsters awaited McCarthy in the bushes outside to black-jack him to death.

### Breaking It Gently

A chronic young borrower met a college classmate and asked him for a loan of ten dollars.

"I'll let you have it when I come back from the mountains," the classmate said.

"When are you coming back?" the other anxiously inquired.

"Between ourselves," the classmate replied confidentially, "I'm not going."

### A New Version of an Old Story

The members of the excursion party gathered round the guide eager to hear any legends of the mountain which they had been climbing.

"They call this yere bluff Lover's Leap," he said. "I sorter forgot just why; but 'pears like the story goes that an old maid proposed to a feller on this spot, and he gave a yell and jumped off."

### The Wind

(By Nell Hopkins Hughes)

Keep on a whistlin' ye wind o' the day.

Can't scare a feller when he's out for a play.

With rabbits and chip munks and fassin' sweet hay—

Keep on a whistlin' ye wind o' the day.

Kinder hoarse ain't ye? Seems that a' way.

Take ye a drink from the rain pourin' down.

There'd be enough left to sprinkle the ground.

Now ain't ye better? seems like ye are.

Can hear f'r voice clearer a trillin' afar.

O'er the mountains where cataraets fall.

Y'r sighin' and singin' a wild lone-some call.

Blow on ye breezes but mind ye one thing.

I like yer music when day's on the wing.

But when comes the shadders and shades of dark night.

I'm skeered of your moanin' and wist it was light.
